2026 Trans Am Series Presented By Pirelli Entrant Checklist

Welcome to the Trans Am Series, Presented By Pirelli, for the 60th Anniversary season in 2026! We are excited that you are going join our series and we want to make things as straight forward as possible for you. Thanks for being patient while our Registration Process has undergone a significant makeover in the offseason. Even if you've been racing with the Series for several years, **please read and follow** the below checklist. It will help you get off the grid with a minimal hassle.

The Series is moving to MotorsportReg, so most everything will have a different look and feel. While I will do everything I can do help you, this system change comes with four goals in mind: 1) Enable you to do as much as you possibly can on your own with a more mobile-friendly platform, and 2) maximize the value of the systems we have in place, 3) [hopefully] reduce the amount of time I spend between events working on the multitude of details (aka "herding cats"), and 4) allow you to you securely store your credit card number within your MotorsportReg account.

Vehicle Registration:

If you need to register a vehicle, please go to: 2026 Vehicle Registration
(If you learn better by video – here's a tutorial to help you out: Video Tutorial: Vehicle Registration)

*If you are a team manager, it is important to note that you will need to register *ALL* of your vehicles at this time.*

- Please select the class for your vehicle and follow the form to complete the information. It is important to let us know which events you might attend, as it helps with paddock planning, staffing, and scheduling.
- You will need to download and complete the 2026 Paddock Space Request. Only one copy of this form is needed for your team (even if you are running multiple cars). There is a space to upload the document within the web form, or you can email the completed document to: registration@gotransam.com.
- You will also need to download the appropriate Vehicle Declaration form specific to your class and complete it. Vehicle Declaration form(s) can be uploaded in the web form or emailed to registration@gotransam.com or to your respective Technical Director (TA/TAC/XGT/SGT/GT – acoalwell@gotransam.com , TA2 – jfoster@gotransam.com).

Annual Credentials:

For those individuals needing an Annual Credential, please go to: 2026 Annual Credential Application
(If you learn better by video – here's a tutorial to help you out: Video Tutorial: Annual Credential Application)
If the team is paying for credentials, then the team manager must submit all application forms. You can only register for one event with one email address. As a team manager, you can create "child" accounts inside of your account for your team members. This will allow you to pay for all of the credentials and memberships together.
Click on the link above in bold to go to the Annual Credential Application on MotorsportReg.
Click on the "Register Now" button. Sign into your MotorsportReg account. If you don't already have an account, please follow the steps "Sign up for MotorsportReg".

All Annual Credential holders will also need to complete the SCCA Annual Waiver by logging into your SCCA account at my.scca.com and following the steps to the Online Store and purchasing an Annual Waiver (cost is $0.00).
